

Be Patient with One Another

Ephesians 4:2 “ Be completely humble and gentle; be patient, bearing with one another in love.”

After watching the video...

Family Discussion Questions:

1. What does being patient look like and sound like?
2. Tell about a time when someone was really patient with you?
3. When we start to get impatient and frustrated what can we do to help us remember to wait patiently?

Let's Pray Together

- Thank God for His great patience with us as we grow and learn.
- Ask Him to help us learn patience, the fruit of the Spirit.
- Ask God to help us be humble and gentle with one another as we show patience.
- Thank Him for our family, that loves us and is patient with me.

Suggestions: Gather your family and ensure that everyone is seated comfortably. Hopefully each member of the family can be seen and heard easily by everyone. Pray together, read the verse for today and then watch the video together. Pause the video after each of the discussion questions and encourage each family member to share. Afterwards, pray together following the suggested prayer points. Hopefully the discussion will continue throughout the day in a natural way. Another idea is to have one parent view the video in advance and then teach the lesson on their own without showing the video to the family.
